

Advanced - Link Buttons

This example demonstrates a more advanced example where we combine several CSS properties to display links as boxes/buttons:

Example

```
a:link, a:visited {  
    background-color: #f44336;  
    color: white;  
    padding: 14px 25px;  
    text-align: center;  
    text-decoration: none;  
    display: inline-block;  
}  
  
a:hover, a:active {  
    background-color: red;  
}
```
